1. Because dictating how people manage their private property is absurd, unnecessary, actively detrimental, and introducing an inefficient and misguided committee should never have been an option.

3. I don't see the need for all this policing...let people live their lives and if they break the law then let the law take care of enforcement...we don't need babysitting and reckless spending.	Sun, Apr 20, 2014 10:10 PM

7. the place does not live up to its location and potential in any way – years of horrible community "leadership" have kept it from improving. Most people are embarrassed to admit that they live in EagleVail and the people who are most active pursue their own limited agenda, like free golf, to the expense of the vernal good. 10. went a bit off track with lines on road for cars/pedestrians. Our drivers licenses supposedly test for not hitting pedestrians, and to share the road with other cars passing each other. Now people are all self righteous wagging fingers, not moving over for other cars for fear of going over the white line. Come on neighbors. Do you really need that white line? Never had a problem even when Battle Mtn high schoolers were traveling the road so frequently. They were much easier to deal with than self righteous adults. And about that pool, I believe the users should be getting ready to foot the bill for maintenance. It's an amenity for THEM. Take responsibility for what you use, instead of the mentality "it serves everyone". Come on. Do whats right. All property owners have a responsibility, but the users more so. Let it be reflected in their usage. Lastly, the urban metal metro signs for parks that replaced the carved out wood signs. Thought we liked living in the mountains. That idea is not old fashioned and has never gone out of style. This is a mountain neighborhood isn't it? The wood signs were part of the ambience, just as the lanterns in bachelor gulch give ambience. Shame on you "upgraders" at the expense of mountain versus urban. Or as you seem to think, modernize. You are succumbing to suggestions from those that come from urban landscapes. Of course, it's obvious where you think this rockets Eagle Vail into desirability. People will buy homes in neighborhoods that are nicely up kept. Whether or not it has a pool or white lines. They look at the homes on either side of the one they are looking at. and if it has a park for the kids. A pool is nice, but only if the neighboring homes look well kept.	Tue, Apr 15, 2014 8:35 AM

21. I think Eagle Road still looks like a dump. The owners are not required to maintain their property and too many renters live in each condo/townhome. This is the entry to the neighborhood and it makes Eagle Vail look trashy and low class.	Thu, Apr 10, 2014 2:27 AM

23. marijuana shops, lack of enforcemnt of covenants and rules/regs as it relates to home run businesses (1572 Deer Blvd runs a transportation company here and many large sized vans always in driveway, frequently blocking traffic on Deer Blvd. How about the blue car at 1136 Deer Blvd with the torn tarp on it - what an eyesore. Or the beautiful site of two unpaved driveways on Deer Blvd (1040) and the junk yard that is allowed to park in both these driveways? I don't feel that any of these things do anything for my property value, quality of life, or desire to stay in the neighborhood as a homeowner. There are so many houses with a half a dozen or more cars in the driveways. Looks like crap. The other massive issue we have is surrounded by barking dogs - I'm dreading summer and open windows. Let's spend some dollars enforcing the rules, otherwise what's the point to have any? Happy to discuss further, 390-9013	Wed, Apr 9, 2014 5:18 PM

it. The landscaping at the entrances is nice, but really not great by any means. It seems that we go 80% of the way, but not all the way. IF we are going to do something to enhance the community, we should do it right and only right. When it is done on a shoestring budget, it shows. More importantly, it won't stand the test of time, thus having to redo it in a shorter period of time. Several feature of the pool fall into this category. The pool itself is spectacular, but the structure, landscaping and grounds were scaled back and it shows and will continue to show.

Trash cans on the street the day before pick-up, trash cans left on street 2, sometimes 3 days after trash pick-up, trash cans left visible all week in driveways and not bear proof. 53. I am VERY concerned that the tennis courts are considered to be unimportant to our community. As EagleVail tries to reestablish itself as a great place to live and play, it would be very wise to maintain its recreational opportunities for its residents and visitors. And that should include tennis. Not everything else except tennis. There are many of us who play tennis a lot and want to keep the courts available to use for our friends and families. Tennis is a life-long sport and is enjoyed by many. EagleVail should continue to make it available to its children of ALL ages! Also, do not move that club house. I personally could use a few less community events, and save the money for something that benefits the whole community. How about removing some of these older cottonwoods that rot from the inside out and can fall or break in the next windstorm? They were initially planted to sell this new community years ago, as they grow quickly and filled in the greenery beautifully. Our community would benefit by removing some of these "weed" trees and replant more aspen trees, indigenous to our area. The suggestion that the Club house be moved down the hill and the #1 shortened to a par 4, will create a par 34/36 course and you will lose guest players as most people who see a par 34 nine will associate the course as an executive course and will not pay a championship course price. 32.	Neighborhood events are great but maybe EV events are too often if attendance isn't growing and food/money not being utilized. Entry signs at main entrance look great as do other new signs. I especially like the boards on back sides of stone bollards announcing EV events. X-C course was great this year. Dog poop isn't but its the people who don't obey the practical law. While I have your ear—Apparently a Limo Business is being run out of 1/2 duplex across from the low side of West park and has 6 large vehicles (sometimes (2) 10-12 person vans) which maybe in violation of homeowners covenants in and of itself. Also at least two vehicles are parked on grass area and have been all winter- if they want more parking please have them do an impervious area study and pave if allowed. An older home on Deer Blvd also has 6-8 vehicles many of which are a snow plow company's snow plows were and are parked on grass areas. This duplex is near the turn-off of to Pheasant Ct or the other cul-de-sac against the hill on south side of road. Great work Admin and Board members iun general.	Mon, Apr 7, 2014 12:32 PM

1. "Traffic Calming"! You have got to be f***** kidding me. You mean arbitrarily imposing the meddling will of a few power hungry idiots on the rest of the "community." Wed, Apr 23, 2014 12:29 PM
2. I think the street signs, logo signs and "way finding" signs were a waste of money. I didn't see anything wrong with the old street signs (they may have needed to be replaced and I just hadn't noticed) but I don't think the way finding signs or all the new logo signs are really necessary or add any value in my eyes. However, I do believe the garden was a nice addition to the neighborhood, as well as the continuation of the recreation paths that can positively touch the life of renters and homeowners, and second homeowners alike to help foster a better community feel. Even though I do not use the swimming pool I believe it was a sound investment. I hope the community feel that has made Eagle-Vail special will continue as families grow and the dynamic of the area Tue, Apr 22, 2014 7:34 PM
3. I have no opinion/preference on most of these because I have not noticed the change. Again, I'm new to the community. Mon, Apr 21, 2014 3:52 PM
4. Also, I feel that the community garden should be for just the residents of Eagle Vail so that everyone that wants a space can have one. The restaurants that are growing there should find another place to grow their vegetables. Mon, Apr 21, 2014 1:31 PM
5. Are you kidding...wayfinding?!? What are we, infants? Who lives in EagleVail that can't find their way?!? If visitors want to visit then they'll only have a problem once, and hopefully will learn their "way". If not then I don't expect we want them back! Sun, Apr 20, 2014 10:10 PM

8. Speeding through eagle vail still huge problem - especially on Eagle Road! Thu, Apr 17, 2014 2:11 PM
9. The parks need some help! Thu, Apr 17, 2014 7:19 AM
10. you waste our money and exceed your authority, the Metro District and Design Review idiots are not in charge of traffic or utility lines and the signage is a joke. Fancy signs won't fill anyone. The neighborhood is effected by low intelligence, dishonest, busy bodies. Wed, Apr 16, 2014 11:18 AM
11. most of these items were money wasted...still have sidewalks to nowhere... street "lining" that leaves not enough room for two vehicles to pass...logos, signs, "calming" ridiculous expenses that did not improve a thing...we are not imbeciles...sense of "EagleVail" has not changed in the least. Until we are allowed to add space to our homes, making it financially feasible to improve our property, the values in the area WILL NOT improve. 250 sf is NOTHING, not worth it...thus we will remain the slum of the valley with ugly, outdated, shabby homes not worth the time or \$\$\$ to improve. Wed, Apr 16, 2014 10:11 AM
12. As previously stated, the pedestrian lines and the electronic speed limit sign Tue, Apr 15, 2014 8:35 AM

indicates that motorists must have not passed their driver's license test. Do people always obey the law? no, but self righteous neighbors outnumber these offenders on a daily basis.

| 13. | People drive too fast. I moved off Stone Creek for this reason. Can't we have speed bumps? Can we widen the streets? | Mon, Apr 14, 2014 9:48 AM |
| 14. | I think the pool could me more attractive. And the golf clubhouse is stark. | Mon, Apr 14, 2014 8:31 AM |
| 15. | Now that there is no street lamp at the entry from Riverside Rd on to 6th, the intersection is difficult to see at night; especially for those not familiar with the entry. | Sun, Apr 13, 2014 7:30 PM |
| 16. | Would love at the pool, a wind break maybe 1/2 wall in the shelter | Thu, Apr 10, 2014 4:10 PM |
| 17. | we need speed tables on Deer Blvd. I watch drivers go by very day at 30mph or faster. I want 2 speed tables on Deer Blvd. and 2 on Stone Creek right by the golf cart crossings. Singletree and Arrowhead have these so they are not prohibited by the county. They work and we need them. | Thu, Apr 10, 2014 10:40 AM |
| 18. | I liked the green signs better than brown. | Thu, Apr 10, 2014 10:13 AM |
| 19. | I find the language on signs along the EV Trail warning us not to access the golf course offensive. The signs are negative, why noy use language like be respectful of golfers, do not cross when golfers present, etc. Much like they do in Hawaii when trails and courses mix. Most of the trail users are EV residents/home owners and as such are members of the metro district which owns the golf course - why do we treat ourselves like this? The sign on the EV trail above the 9th tee is an example. | Thu, Apr 10, 2014 8:31 AM |
| 20. | Would love to use the pool but daily fee is a little too expensive to justify. | Thu, Apr 10, 2014 7:54 AM |
| 21. | What support of the Eco trails? Pool is a little expensive | Wed, Apr 9, 2014 7:08 PM |
| 22. | Again, let's spend some of all this money on enforcing the rules that are in place so our property values can start to increase back to prerecession levels. | Wed, Apr 9, 2014 5:18 PM |

| 24. | Not sure if it is possible, but would love to see more pedestrian areas/sidewalks on Whiskey hill and upper eastern eagle Vail. | Wed, Apr 9, 2014 9:20 AM |
| 25. | swimming pool. a huge wste of money this is a winter resort and the climate dictates the pool should be enclosed or havethe ability to close from the elements | Wed, Apr 9, 2014 8:57 AM |
| 26. | The stop sign at Pheasant Ct & Deer Blvd is constantly ignored. I actually have watched many cars fly through it on purpose. Also, the white stripes on the sides have not helped and I think are a waste of money. | Wed, Apr 9, 2014 7:53 AM |
| 27. | I think traffic calming is a great idea, but it is not readily obvious where this has been accomplished. Bike lanes, share the road signs, and improved pedestrian access would be great. I dont really understand why webother with a golf course. Convert it to walkable/hikeable trails and charge a usage fee and I bet you get way more interest. | Tue, Apr 8, 2014 4:38 PM |
| 28. | I do not care for the streets being painted and feel that the costs are not worth the perceived benefits. My observation is that they are not used much. Widening the streets or providing paths would be better over time in my opinion. | Tue, Apr 8, 2014 4:28 PM |
| 29. | Painted lines on streets make roads too narrow for cars. | Tue, Apr 8, 2014 1:25 PM |
| 30. | dog problems (unleashed dogs, disgusting state the golf course after snow melts) - Extremely Unsatisfied | Tue, Apr 8, 2014 11:50 AM |

Stone Creek Drive- speed limit 20mph, average speed 40mph.

31. Put in sidewalks. Sound barrier along I 70.	Tue, Apr 8, 2014 11:36 AM
32. Maintain the pool correctly	Tue, Apr 8, 2014 8:48 AM
33. I feel that the pedestrian/cyclists safety is still an issue on the roads in the neighborhood. The painting of lines helps, however, there is still not much room for pedestrians. I don't agree with the prices that are charged for use of the pool for EVPOA members. EVPOA members were a large portion of the funding for that new pool and we receive a very minimal discount on usage, doesn't seem fair and that we are being hit twice for the expense of this pool.	Tue, Apr 8, 2014 8:35 AM
34. Do not like the speed monitor on stone creek dr. Too commercial for our community not appropriate for residential community.	Mon, Apr 7, 2014 8:49 PM
35. Wish the golf clubhouse had outdoor seating or a deck to enjoy those views	Mon, Apr 7, 2014 6:28 PM
36. Need a hesitation stop sign on Eagle Road at Eagle Drive to slow down the straightaway traffic.	Mon, Apr 7, 2014 4:18 PM
37. Stop spending money for tails.	Mon, Apr 7, 2014 3:56 PM
38. Stop with the pot shops in the Eagle-Vail business area. Who in their right mind wants to shop around them or deal with the kind of people that patronize them.	Mon, Apr 7, 2014 3:37 PM
39. Haven't been to EagleVail recently	Mon, Apr 7, 2014 3:28 PM
40. Lines are great, but still need to do more for safety on Stone Creek, the Red brick by the cart path's did nothing and should be a speed bump or something in fluorescent.	Mon, Apr 7, 2014 3:19 PM
41. Cyclist should use designated bike paths instead of the street.	Mon, Apr 7, 2014 2:52 PM
42. The Traffic calming effort needs to continue to be looked at. It has improved, but can't be let go as a priority.	Mon, Apr 7, 2014 2:41 PM
43. If by "traffic calming" you mean the racing stripes along deer blvd....they are a joke. People walking on the wrong side of the street make for greater risk because now the drivers are afraid to cross the white line.	Mon, Apr 7, 2014 2:29 PM
44. 20mph speed limit is unrealistically slow and should have remained at 25.	Mon, Apr 7, 2014 1:58 PM
45. I feel that the burial of the power lines only benefits a few individual owners and increaces their property values and is an improper use of either Rec District or HOA monies. The money should instead be used on Rec District properties such as repair of the Tennis Courts. I feel the Board has breached its Fiduciary Duties by diverting funds to projects that benefit only a few owners such as line burying and flood control and not maintaining the existing recreational facilities.	Mon, Apr 7, 2014 1:48 PM
46. lets put side walks in	Mon, Apr 7, 2014 1:44 PM
47. Bike paths are not maintained very well in the winter, it doesn't have to be every storm, but it seems someone could come in and clean them up occasionally.	Mon, Apr 7, 2014 1:19 PM

49. We are very lucky to have the amenities we do. Thank you to the people who have poured hours and heart into these projects. We WISH a bike path went into the business district so our kids could ride there. We also wish the pool was larger - or a larger kid pool - as days can be very crowded.	Mon, Apr 7, 2014 1:07 PM
50. Please pursue dialogue with the owner of the vacant lot at the entrance of North side of Highway 6 to lease or purchase property for a pocket park. We have many children in our neighborhood who have to play in the street.	Mon, Apr 7, 2014 12:55 PM
51. I've often wondered what's the point of the pedestrian lane striping?? I often	Mon, Apr 7, 2014 12:55 PM

have to veer into the pedestrian lane to avoid oncoming cars who stay inside the lines on the other side of the road. The road is too narrow for both cars to stay inside the lines and off the pedestrian lanes. I think it was a well-intentioned idea, but it doesn't work. Also, cyclists and pedestrians don't use the lanes anyway, they usually are in the road anyway. I would love to see those stripes go away. On a good note, the crosswalk painting and sidewalk on Eagle-Vail road are really nice.

| 52. | Traffic calming -that's funny. Monuments and street signs look nice but I believe they were probably very expensive, Monuments look just every one else's. Way finding signs??? | Mon, Apr 7, 2014 12:51 PM |
| 53. | Power line burial-should not have been a priority. That money should have been spent elsewhere. | Mon, Apr 7, 2014 12:46 PM |
| 54. | It would be great to honor our hometown hero, Mikaela Shiffrin, on a permanent sign. I think having a few speed bumps in front of the stop signs around the neighborhood could help reduce speeding. We live on Deer Blvd and we are always watching cars speed down the road and pause briefly at the stop signs. | Mon, Apr 7, 2014 12:42 PM |
| 55. | Clubhouse renovations not on list above | Mon, Apr 7, 2014 12:32 PM |
| 56. | Don't relax on the accolades, but keep working towards ways to improve the above even more. Know that pedestrian/car interactions don't always go well (still plenty of folks who go over the speed limit or don't stop at stop signs). | Mon, Apr 7, 2014 12:31 PM |
| 57. | The community garden needs rules on what items can be put in to stake plants. It looked like a junk yard when driving by. | Mon, Apr 7, 2014 12:27 PM |
| 58. | Some of the colors of the paint on condo complexes on Eagle Road are not very pleasant to look at and would like to see a more uniform coloring throughout the community. | Mon, Apr 7, 2014 12:07 PM |
| 59. | I really am not happy with the Eagle County Sheriff issuing tickets for a "rolling stop". I was issued a ticket and the officer said the association had asked for the sheriff to step up their efforts in increased enforcement. I think that approach harmed our community. I don't like our neighborhood being a "police state." | Mon, Apr 7, 2014 12:06 PM |
| 60. | Still need work with something to enforce the speed limit throughout.. I don't think it's the full-time locals that cause the problems - believe it's out of towners or part timers.. but, not sure..

We need better walking paths throughout.. | Mon, Apr 7, 2014 11:52 AM |
| 61. | THIS SURVEY DOES NOT ASK FOR SUGGESTED IMPROVEMENTS. !!! WE NEED A HIGHWAY SOUND BARRIER TO REDUCE NOISE AT THE TENNIS COURTS, PAVILLION PARK, POOL AND FOR THE HOMES. DILLON AND EAST VAIL HAVE SUCH. WHY NOT EAGLE VAIL? | Fri, Apr 4, 2014 1:42 PM |
| 62. | I'm not sure about the traffic calming.....didn't seem to be a big problem. But the implementation has been fine.....and I drive less than 20 most of the time anyway. | Tue, Apr 1, 2014 6:24 PM |

1. I think code enforcement needs to be writing tickets for people who allow their animals to roam the neighborhood pooping wherever they want at will. I love dogs, but perhaps a specific dog park would help? I am tired of picking up after other people's animals or stepping in it. I believe things have been moving in a better direction, but the attitude still seems to be that it is somehow cruel to have a dog on a leash for some reason. Perhaps do away with one of the pocket parks and replace with a dog park - more people seem to have dogs then children!

2. I believe that a lot of dog owners in the Village Townhomes next to the putting green and driving range let their dogs out on the golf course by their residence and do not pick up after them. Also, there are a lot of people that are not Eagle Vail residents that park by the putting greens/driving range lot in the winter and do not pick up after their dogs, this should be better enforced. I think the annual fee has gotten too expensive. Maybe this fee should be adjusted to the size of household and how many residents live in the household. It is not fair that a small 1 bedroom condo should have to pay as much as a large 6 bedroom house. Also, now that the pool has been built and so many improvements have been made I am curious as to where these monies will go and I was shocked to see the cost of the fee go even higher this year!

3. -Please - less expensive pool membership fees for E-V residents. -I really appreciate any community events, wish I could take part in more. After moving from another state, I really wish there was more of a sense of local community (like I had in the town I came from) here

-Loved the Mikaela Shiffrin olympic viewing party. What fun and great atmosphere!	
4. the fence color looked much better green. Items in my yard and accessories to my fence were damaged with the painting and never taken care of. I also would like for the trimming of trees and bushes along the bike path to stop. the shade is nice to have over some of the path and it looks ridiculous to cut half a pine tree off.	Fri, Apr 18, 2014 6:52 AM
5. Dogs are constantly off leash and crapping everywhere - not necessarily EV fault but Owners fault!	Thu, Apr 17, 2014 2:11 PM
6. Let the private sector provide services and facilities, the Vail Valley is over filled with golf course, EagleVail golf should be shut down, Why should taxpayers subsidize golf for tourists, non-residents and EagleVail "officials"?	Wed, Apr 16, 2014 11:18 AM
7. I certainly hope you are NOT spending community money on maintaining and painting PRIVATELY OWNED FENCES!	Wed, Apr 16, 2014 10:11 AM
8. shut down all the lousy "amenities" and just leave us alone -- let us live in peace and freedom	Tue, Apr 15, 2014 9:15 PM
9. Not sure what can be done, but the dog mess on the golf course and pocket parks should be addressed in some way.	Tue, Apr 15, 2014 2:34 PM
10. Willow Creek golf course is one of the most underrated coups of this community. No other community has a golf course that a grandpa and grandson can go spend an hour together like that. (Grandma, granddaughter). Or that our children can learn to play golf, and learn the etiquette and patience that the game teaches, and not spend an arm and leg to do it. It is a diamond in the rough in the valley along I70. I am appreciative of all that continue to believe in it.	Tue, Apr 15, 2014 8:35 AM
11. STILL MANY DOGS RUNNING LOOSE	Mon, Apr 14, 2014 7:09 AM
12. EV Revitalization - how do we proactively keep our business community healthy and not over run with pot shops? EV is a family community.	Sun, Apr 13, 2014 8:26 PM
13. More healthy options at the restaurant	Thu, Apr 10, 2014 4:10 PM
14. Enforce the dog laws. Too many dog owners say there is no leash law in EV. Post a not on EVERY RESIDENCE DOOR as the the law and then INFORCE IT.	Thu, Apr 10, 2014 3:04 PM
15. please have the dog waste cans emptied more frequently, especially on the stone creek trail. it is always overflowing.	Thu, Apr 10, 2014 10:40 AM
16. Green fences looked better than brown. Matched the grass better	Thu, Apr 10, 2014 10:13 AM
17. Tennis courts and the building are in really bad shape. When 9 News did a story on Mikaela Shiffrin they were playing tennis and the reporter even said the courts were in really bad shape. Also we live on the other side of Eagle Vail (by the river) and there has been no enforcement of the dog off leash rules. There are numerous dos that come around our area at all times of the day.	Thu, Apr 10, 2014 9:05 AM
18. Covenant enforcement is sporadic at best. I think we need to put more focus on consistent enforcement. If we are not going to enforce a rule, why have it? example - ev has a rule regarding night lights - off by 11:00 and yet there are plenty of units that consistently have lights on all night? Units that are not maintained, cars abandoned in driveways, dumpsters not bear proof per code, set back rules not	Thu, Apr 10, 2014 8:31 AM

| 19. | We live in a quiet cul-de-sac, where many neighbors walk their dogs off lead several times a day. None of the dogs are aggressive or problematic, all are under voice control, and there is a distinctive joyousness about it. I have heard that there will be a crackdown off-lead dogs, and I hope it isn't true. This is a huge benefit to living here for me. | 27. | Why is Scully moving? Too many stores that I don't use. I would like a coffee shop, more eateries. | Tue, Apr 8, 2014 8:10 AM |
| 28. | I walk the golf course every day both with and without a dog and do not see problems. Yes, there are some owners who do not pick up after their dogs, and I always try to pick up extra when I see it, but why do I read about people getting attacked, etc... by dogs in the newsletter just about every time it comes out. seems like an exaggeration by some non-dog owners. If every dog owner picked up an extra poop or 2 randomly, things would be great. Thanks for providing plenty of bags and trash cans! | Mon, Apr 7, 2014 8:51 PM |
| 29. | There is a huge emphasis on dog control. I see 99% of people have good control of their dog and no need for leashes. It should be voice and sight control. | Mon, Apr 7, 2014 8:49 PM |
| 30. | I'll say what everyone should be saying - we must start enforcing the leash laws / pet waste. It is SO out of control. Doggie DNA. They do it at Brett Ranch - and an owner said the program has paid for itself after just one year. These owners MUST be forced into responsibility. People will not comply unless they are fined. Period. | Mon, Apr 7, 2014 8:31 PM |
| 31. | I own a dog. My favorite part of living in eagle vail is that it is easy to own a dog. That being said, I ALWAYS have a poop bag with me and clean up after my dog at all times and every time. I am ashamed of so many of the eagle vail residents and their lack of respect when it comes to cleaning up after their dogs. I have noticed that owners out walking their dogs generally pick up after them. Most of the problem stems from owners living on the course who just open their | Mon, Apr 7, 2014 6:50 PM |

back door and let their dog randomly poop anywhere it chooses. Once again, an owner problem, not a dog problem. DNA testing? Enormous fines? Leashing a dog makes no difference at all. The owners letting their dogs out unsupervised in the morning and evening is the problem Next subject: I would like to see the code enforcement officer talk to home owners about all the crap on their decks, yards, back yards, and driveways. Time to get rid go the ghetto look. Clean it up for Pete's sake. Eagle vail has so much going for it, but I see a lack of respect from home owners everywhere I turn. I think eagle vail metro tries very hard to help our neighborhood be a nice place to live, but I see very disrespectful homeowners and dog owners everywhere. How can we solve this problem?

| 35. | adding additional dog poop receptacle on Stone Creek trail might/not encourage people to pick it up??? | Mon, Apr 7, 2014 2:43 PM |
| 36. | I know it's hard to enforce the leash law, but our house on the golf course constantly has dog poop in it (we don't own a dog, nor do our neighbors) and dogs running through it off leash. The cross country trails are a great perk of living in EV, but it sure would be nice if there were two separate tracks, one for walking/snowshoeing, and one for skate skiing/XC skiing. The current standard of one trail is tough for skate skiing, as it gets chewed up pretty quickly after grooming by walkers, dogs, and snowshoers. However, it's a really nice amenity regardless, I appreciate the ability to put on skis and exercise right out of my backyard! | Mon, Apr 7, 2014 2:41 PM |
| 37. | I've owned property in EV since 1995 and have used the Par 3 course maybe a dozen times. Get rid of it and the exence of maintaining it! Lend a leash is a joke-most leashes are snagged by kids & found laying around! Dog enforcement is a joke as I've watched our covenant enforcer drive right past people with their dogs off leash & not do anything. I'd rather call animal control & get a quicker response than my local enforcer. | Mon, Apr 7, 2014 2:29 PM |
| 38. | We choose to live privately and aren't really interested in organized events. However, if we knew when the grill was open, we might go there for dinner. We used to frequently. | Mon, Apr 7, 2014 2:23 PM |
| 39. | I understand the frustration with the dogs off leash and the issues with picking up dog poo (or lack there of especially since I don't own a dog), but I think it is important to encourage dog owners to reside in Eagle-Vail as this the demographic which is important to attract. They are the residents that will live here and form a lasting community. To threaten dog owners detracts from those individuals who call E-V home. We shouldn't restrict dog friendly residents. | Mon, Apr 7, 2014 2:11 PM |
| 40. | The fact that the Board is painting privately owned fences on Highway 6 and not keeping proper upkeep on the Tennis facility is a gross breach of the Rec District mandate. The suggestion to remove the tennis facility entirely shows a total lack of judgment. Take care of your existing facilities before you build new ones or contribute Rec District funds to outside uses. | Mon, Apr 7, 2014 1:48 PM |

41. the hwy 6 fence should be replaced with a berm hwy 6 homeowners should pay a 1/2 HOA the other half. it would also raise property values.	Mon, Apr 7, 2014 1:44 PM
42. There is always talk about the EV hiking trails, but it is extremely frustrating not to be able to access the one above the 18th hole directly. You can get to it by going out and around, which adds something like 3/4 of a mile. Is there any way to have it be safe for hikers/runners to be able to access that path while golfers are there too? We aren't supposed to go on the golf course, but I think a path could easily be made and both hikers and golfers be happy.	Mon, Apr 7, 2014 1:12 PM
43. We couldn't be happier living in Eagle Vail. However, the "pup sweep" operation is so ridiculous (picking up dogs and making them be claimed by the owners in Eagle) is a waste of time. I think someone driving a pick up with a dog kennel in the back is an unnecessary and threatening.	Mon, Apr 7, 2014 1:07 PM
44. Whisky Hill Golf Grill could be a great place for dinner or lunch or brunch other than just hot dogs and beer.. Have a restaurant cater a few nights a week?	Mon, Apr 7, 2014 12:51 PM

47. I feel like if we are going to have rules to follow, everyone should follow them. Driving around Eagle Vail, one can see many infractions.	Mon, Apr 7, 2014 12:38 PM
48. It would be nice if EV owners would get a free pass or two to the pool. i would probably play golf if EV owners received a bigger discount than non residents	Mon, Apr 7, 2014 12:38 PM
49. The last several times I played the Par 3 course in the early morning it was littered with beer cans and trash - unpleasant and unacceptable.	Mon, Apr 7, 2014 12:31 PM
50. EagleVail business district can look better than it does, although things have improved over the past few years.	Mon, Apr 7, 2014 12:31 PM
51. I wish that community covenants would follow Eagle County as it relates to leash laws and voice control of dogs. If bylaws could be changed, it would be great to see a small dog park (perhaps behind pines on east side of pavilion park) where owners could socialize dogs. I am vehemently against any tennis court improvements. I viewed the facilities last summer and feel they are in great condition for recreational tennis. In fact, 100x better than what my town had when I was growing up.	Mon, Apr 7, 2014 12:02 PM
52. Nordic track efforts have improved over the years...though still see inconsistent grooming after snowfall.	Sun, Apr 6, 2014 10:42 AM
53. The lack of respect for all neighbors concerning dogs off of leashes & not picking up refuse is very disgusting - especially this time of year when the snow is melting. It is highly unsafe, smells awful, and so careless of pet owners. I have absolutely nothing @ all against animals - it is totally the owners that are not being good neighbors in this community. I hope this can change!	Sat, Apr 5, 2014 4:04 PM

54. The club house is antiquated, non-inviting. We go out of Eagle Vail for appitzers and happy hour. We would rather stay here. . Fri, Apr 4, 2014 1:42 PM

| 1. Several Cars in Eagle Vail have been broken into often in past few years. This is worrisome and may lead to homes being broken into as well.

| 6. Eagle County does an excellent job...there is no need for EagleVail to duplicate services (i.e. dogs, traffic, noise, parking etc.) If residents have issues they should call the appropriate county dept, which has always worked...you guys DON'T need to be wasting our hard earned \$s | Wed, Apr 16, 2014 10:11 AM |

9.	I rarely see Eagle County enforcement in EV. Drivers run our stop sign continuously. Dangerous due to amount of walkers and kids in neighborhood.	Sun, Apr 13, 2014 8:26 PM
10.	With the new pot laws we need to see the Sheriff more often in the neighborhood.	Thu, Apr 10, 2014 3:04 PM
11.	One thing we would like to see in our area is a noise ordinance declared in EV. We own and our duplex neighbors rent and we have had issues of loud music and parties late at night. According to the Avon PD there is no noise ordinance in EV so we are limited in how we can communicate to our neighbors that noise late at night/early morning is unacceptable.	Thu, Apr 10, 2014 9:05 AM
12.	I am concerned about some of the short term renters that live around us. They are drunk, smoke a lot of pot and are generally an issue. I really do not want to live around them and they make us feel unsafe.	Thu, Apr 10, 2014 2:27 AM

23.	There have been a few times when the snowplows have hit every single garbage can on my street. I realize it's tough to plow on garbage day, and all the cans create difficulties, but our can was damaged and I'm sure others were as well. Frustrating.	Mon, Apr 7, 2014 2:41 PM
24.	Always nice to see the Sheriff's patrolling the streets-wish it was more frequent and that they would actually ticket illegally parked vehicles, speeders & dogs @ large. Snow removal was amazing this year and they did an excellent job.	Mon, Apr 7, 2014 2:29 PM

the same time, the authors also found that the use of the Internet for information seeking was positively related to the use of the Internet for information sharing. This finding is consistent with the idea that the Internet is a social network. The Internet provides a platform for people to connect with each other and share information. As a result, people who use the Internet for information seeking are more likely to use it for information sharing as well.

Stone Creek Sidewalk/Drainage Project Update

By: Jeff Layman, Community Manager

Issue

As of today, no new proposals have been received and we have not heard from the contractors that we wished to re-negotiate a price with.

Background

This new sidewalk is intended to connect the mid EV neighborhood to the bus stops on Highway 6 and to the rec path that extends to Avon/Traer Creek and the newly constructed path on the north side of Highway 6 extending to the east and the EV Business Center. It is also needed to mitigate a drainage issue that has plagued the Met Mountain property owners at the corner of US 6 and Stone Creek Drive.

After public hearings at which the board heard from engineers, staff and area homeowners, staff was directed to construct the sidewalk subject to the Eagle County grant money of \$42,500 being available. We have received a check from them for that amount.

Discussion

Board members will recall that we had awarded the job to one particular contractor last fall, but the weather got dicey and we pulled the plug because not finishing the job before the snow came was not an option. We were also concerned that the batch plants might close prior to our need for asphalt. That contractor did not re-bid the project.

I have consulted with Eagle County and have found out that any grant funds for future projects would be part of their 2015 budget. No money is available for 2014.

Fiscal Impact

The BOG decided in November 2012 to construct the sidewalk. Eagle County has contributed \$42,500 to the project. We received a check for that amount last fall. EagleVail has made a total of \$47,500 available for the project for a total of \$90,000. An additional \$2,100 was budgeted for engineering services.

Recommendation

I still hope to have additional information for the BOG to consider at the August 21 meeting, and a recommendation for moving this project forward.

MEMORANDUM

TO: BOG members:
FROM: Rick Pylman & Jeff Layman
DATE: August 29, 2014
RE: May 2016 ballot date

At the Board of Governors meeting of August 21 we updated the board on our plans to develop information that would allow the BOG to schedule a ballot question regarding the clubhouse relocation and other potential EagleVail improvement projects for June of 2016, if the BOG so desired. While we will develop a very detailed timeline and task list in the very near future the purpose of this memo is to provide a brief outline of the process as a follow up to our discussion last week.

This list is, at this time, a general list of the tasks and issues we will address to develop the appropriate level of information. As we develop a detailed schedule we will see that some of these tasks will run concurrently and some will need to occur in a sequential order. There will be BOG updates at most if not all of the regularly scheduled meetings between now and May of 2016 and there will be identified key decision points along the way.

Clubhouse

We will verify and update the 2011 clubhouse program with staff, with the Development, Golf and Finance committees. We will develop current cost estimates for the program and bring a staff/committee recommendation to the BOG. We will then refine the program and cost estimates based on BOG input. We would then develop conceptual architecture and site plan drawings for committee and BOG review. This work will include meetings with neighbors of the proposed clubhouse location. Clubhouse information will continue to develop and will eventually result in a Design Development plan set with a detailed cost estimate and a proposed timeframe for construction initiation and completion.

We have engaged the EagleVail golf course architect to provide options for tee box and cart path revisions required to relocate the clubhouse. These options will go through a similar staff/committee review process and will be presented to the BOG.

Existing Assets

We have initiated appraisals of existing assets including the existing clubhouse and parking lots and solicit developer input as to how these assets may be best leveraged to assist in the overall financial program. Again, we will follow a staff/committee evaluation process and present to the BOG.

Other program elements

Staff will evaluate other improvement and/or purchase elements that may be appropriate to include in a bond issue. We will evaluate those elements with the appropriate committees and present recommendations to the BOG.

Financial Plan

Staff and Ken Marchetti will work closely with the Finance Committee to develop accurate and timely financial information, options and alternatives and present recommendations to the BOG. We have spoken with Todd Snidow, a bond company representative, about our plans and asked for his guidance and participation.

Communications

Staff will develop a plan and timeline for providing accurate and useful information to the EagleVail constituency and will present this plan to the BOG for review and approval.

Election

We will include all required legal and technical tasks, steps and requirements into the overall detailed schedule.

It is our intent to provide a more detailed schedule and to update you on progress to date at the Board of Governors meeting of September 18, 2014.

Administrative Manager's Report

Kris O'Neill

POA Annual Meeting Information and Ideas

Staff was asked to look at how to revitalize and increase attendance at the POA annual meetings and to consult with the Events Committee to see if they would be willing to help after a discussion at the regular board meeting on August 21, 2014.

There are certain statutory items that have to be taken care of at the annual meeting and staff is looking into those items to see exactly what has to be done and if the meeting can be spiced up and possibly turned into more of an event.

The Events Committee was asked to think about different ideas to get more homeowners interested in coming to the meetings and if they would be willing to help with this. They agreed to help and have already started coming up with a few preliminary ideas. More information will follow in my next manager's report.

Owner's Manual Update

Staff has been working on updating the POA Owner's Manual with all of the different amendments that have taken place recently. This will be uploaded to the website when it is finished.

Board Member Orientation

There will be a Board Member Orientation scheduled in October aimed at educating all Board Members on the different amendments and changes for both the Metropolitan District and the Property Owner's Association. All Board Members are invited and encouraged to attend and the attorneys for both entities will be asked to join.
